presents

# Understanding New Trier: The *real* story

Want to find out what levels of classes that 2011 New Trier grads took during their four years? Which colleges they are attending? What extracurriculars they participated in? (*Hint: The answers are different from what you might think.*)

**Explore the 2011 Student Profile with  
Assistant Superintendents Paul Sally and Tim Hayes  
Wednesday, January 4 @ 7 p.m.  
New Trier High School, Gaffney Auditorium, Winnetka**

The 2011 Student Profile provides a comprehensive look at the Class of 2011, outlining student achievements, student life and student reflections on their years in high school.

The discussion will give you a flavorful mix of data about test scores, course levels and how that relates to which colleges they chose, extra-curricular participation and service activities.

Don't miss this insightful perspective on the New Trier student experience and, ultimately, how this may relate to the choices your child makes in high school.

**Parents of all grades welcome! Parents of 8th graders, too!**

Sponsored by the NTPA Class of 2015 Board
