

PASS39

Parent Association for Student Services in District 39

Mission: To facilitate and promote communication and teamwork among parents of children who receive support services in District 39 schools and the district educational staff.

Goals

- Organize forums for parents to exchange information and support one another
- Educate parents and staff on various topics related to raising children with special needs
- Provide information resources for parents and staff
- Collaborate with District 39 staff to increase a sense of teamwork in working with our children

2010-2011 Objectives

- Collaborate with District 39 to analyze and act on the results of the 2010 special services parent satisfaction survey
- Expand our presence through increased communications and establishment of building coordinators
- Expand parent participation to a broader range of disabilities
- Provide resources to parents new to the community or with newly diagnosed children
- Support the development and implementation of District 39 Disability Awareness programs
